## The Internet and World Wide Web

The Sports and Entertainment industries have an enormous influence on people's lives. The oversaturated mass media representations carry us through many hours of our days; giving us much of our food for thought. These pressure forces of influence are in demand all over the planet. The talented individuals fuel this engine for humanity. The societal currents operate amongst these realms. Be it politics, a Fortune 500 company, wars, or individual dysfunctions—this to us everyday. The discerning can pick and choose as they may. Certain societal currents are here to stay.
